## REPORT FROM THE WHITE MOUNTAINS REGION ASSN., WOODSVILLE, N. H.

Recent White Mountains Region Association activities have dealt with a variety of fields, including transportation, 4-H, promotion plans, industrial development, and factors involving major region tourist attractions.

At present, Executive Secy. David S. Cassidy, Woodsville, is representing this area in helping staff the state's new exhibit at the Hartford, Conn., Travel Show sponsored by the Hartford 'Times'. Investigation is also under way to try and work out joint sponsorship for a Region booth at the Montreal Sportsmen's Show in March. In the meantime, the annually-issued winter folder covering all area winter facilities has been distributed in bulk to newspapers, travel bureaus, ski clubs, and the like, and newspaper advertising placed to call public attention to it.

Orders have been placed for the annual 4-H awards to top clubs, and this last year's silver bowl winner is expected to be announced shortly.

Using its privilege as an intervenor before the Civil Aeronautics Board, the W. M. R. A has filed exceptions to the C. A. B. examiner's decision and forwarded supporting statements to bolster the state's case for better air service. Pointed out by the Region were: deterioration of other public transport, notably railroad; poor scheduling and unreliability of seating via Northeast Airlines out of Berlin; and improvements to the Whitefield facilities, where Northeast's certificate to serve has never been activated.

In their last meeting, W. M. R. A.'s Board of Directors reviewed the need for a fresh approach to the problem of industrial development, and this will be a major topic in the January meeting, with State Industrial Director Winfred Foss present to offer suggestions and comments.

Also under study is the recently-released report of the Mt. Washington Study Committee, since the directors are keenly aware of the vital effect that wrong handling could have on the operation of one of the region's most prominent and valuable recreational assets.

**REPORT FROM**  
**NEW HAMPSHIRE STATE DEPARTMENT OF HEALTH**

To the Citizens of Columbia:

During the year 1958, 8 visits were made to the town. In the Spring 12 children attended the Triple Toxoid Clinics held in Colebrook. 4 children started the series of 3 injections, but only 3 finished, 2 children received Booster injections. Even with attempting to provide transportation this year we still were unable to get children into the Clinics for this Immunization. In May, one child attended the Orthopedic Clinic held at Stewartstown. In June, 31 children attended the Salk Vaccine Clinic, but we still have a large number of children in your community who have to date never received any Immunization for Poliomyelitis, and this could cause a serious problem for the Community in the event of an epidemic. We have one child in the Community who has spent considerable time at Crotched Mountain, in their rehabilitation program for victims of Poliomyelitis.

It has been a pleasure to work with the Citizens of Columbia and at this time I would like to thank them for their cooperation, and I hope they will feel free to call on me if I can be of any service to them.

Respectfully submitted,  
Eleanor Kenney, R. N.

Public Health Nurse, Coos County  
New Hampshire State Dept. of Health

## YOU CAN HELP PREVENT FOREST FIRES

Twenty-five per cent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

**Save yourself much possible difficulty. Use your town dump.**

H. R. CHASE, District Fire Chief

# Warrant

## THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the Town of Columbia, in the County of Coos, in the State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town, on Tuesday, the tenth day of March, next, at ten o'clock in the forenoon to act upon the following subjects:

1. To vote and bring in ballots for the election of Town Officers to be elected by ballot for the Town of Columbia for the ensuing year.
2. To see if the Town will instruct its Selectmen to appoint all other Town Officers as required by law.
3. To raise such sums of money as may be necessary for the support of the poor for the year ensuing.
4. To raise such sums of money as may be necessary for Old Age, Blind and Disability Assistance for the year ensuing.
5. To raise such sums of money as may be necessary for the repairs of highways and bridges.
6. To see if the Town will vote to authorize its Selectmen to take such action regarding plowing or otherwise keeping winter roads open in said Town for the year ensuing, as in their judgment seems most conducive to the best interests of the Town, and appropriate money for the same.
7. To see if the Town will vote to accept State Aid for Construction of Class V roads and raise and appropriate or set aside for said purpose the sum of \$480.34, the State to contribute the sum of \$3262.27.
8. To see if the Town will vote to raise and appropriate the sum of \$1,700.00 for the purchase of a used tractor plow for use in snow removal.
9. To see what sum or sums the Town will vote to fix as the price per day for hiring manual labor, equipment and trucks for work on Town roads.
10. To see if the Town will vote to raise and appropriate the

sum of \$50.06 to the White Mountains Region Association, being ten cents per \$1,000.00 of assessed valuation (1-100th of 1 per cent) for the purpose of issuing and distributing printed matter and advertising and otherwise publicizing the advantages of the Town, in co-operation with the other 45 towns in the region.

11. To see what action the Town will take with reference to hiring the Colebrook Fire Precinct for the purpose of extinguishing fires in said Town, and in the event of favorable action to make necessary appropriation for the same.
12. To raise such sums of money as may be necessary for the upkeep of cemeteries.
13. To see if the Town will vote to authorize the Selectmen to incur debts for temporary loans in anticipation of the taxes for the ensuing year, and to pay such debts out of tax money when the same is received.
14. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.
15. To see what sum of money the Town will raise for the support of Town Charges for the ensuing year.
16. To see what sum the Town will vote to raise and appropriate for the purpose of cutting and removing the bushes from the side of the highways in such places as the Selectmen think most expedient.
17. To see if the Town will vote to accept the reports of agents, auditors, Selectmen and all other officers, and ratify and confirm the same.
18. To transact any other business which may legally come before the meeting.

Given under our hands and seals this Thirteenth day of February, A. D. 1959.

## WHITE MOUNTAINS REGION ASSOCIATION OF NEW HAMPSHIRE

### Coordinating North Country Development and Promotion

January 13, 1959

Chairman, Board of Selectmen

As has been customary during the last twenty-one years, we respectfully request the inclusion of the enclosed article in your town's warrant for 1959.

We have emphasized the **twenty-one years** because that seems to be pretty good demonstration of a relationship of service and mutual co-operation that has stood the test of time. The type of activities outlined in the report sent your town's councilman have helped every one of our towns in a good many ways. The most important help has been the bringing into the state and region **good hard cash!** As town officials nobody knows better than selectmen how hard it is to finance town services, and every dollar brought in from outside is one dollar that didn't have to come out of a resident taxpayer's pocket.

This is what our towns have accomplished - they've helped **us** to help **them**. This support at town meeting has been the solid base of our organization, and has made your Region Association as strong and successful as any of its kind in the state. While the amount asked makes a very minor item in any one town's expenditures, these amounts pooled make a big job possible, and the total amount comes back into the towns manyfold.

We hope you will keep in touch with us through our local councilman, and please be assured that we will continue to do everything possible for the benefit of your town.

Sincerely yours,

David S. Cassidy, Executive Sec'y.  
White Mountains Region Association

COLUMBIA SCHOOL DISTRICT

# Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Columbia qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March, 1959, at 8:00 o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with such other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to build and equip a new elementary school.
10. To see what sum the district will vote to raise and appropriate for the construction, equipment and furnishing of such new elementary school, for supplying it with water, and the acquisition of any real property that may

be necessary for its location; and whether the district will vote to raise such sum through the issuance of serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including the sale and the time and place of payment of principal and interest, in accordance with the provisions of the Municipal Finance Act, N. H. Revised Laws, Chapter 33, and any amendments relating thereto.

11. If Articles 9 and 10 are adopted, to see what sum of money the district will vote to raise and appropriate to pay for the additional costs of janitorial services, fuel, lights, transportation and insurance incurred with this new building; and to make principal and interest payments on the serial note or bond issue.
12. To see if the district will vote to establish a capital reserve fund for financing of part of the cost of the construction of this new building.
13. If Article 12 is adopted, to see what sum (not in excess of one half of one percent of the last assessed valuation of the district) the district will vote to raise and appropriate for the establishment of said capital reserve fund.
14. To see if the district will vote to construct an addition of one room to each of the Cone and Church Schools and to provide adequate plumbing, heating and lighting facilities throughout each of these two room buildings.
15. To see what sum the district will vote to raise and appropriate for the construction, equipment and furnishing of such two room buildings and for supplying them with water; and whether the district will vote to raise such sum through the issuance of serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated; and to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including their sale and the time and place of payment of principal and interest, in accordance with the provisions of the Municipal Finance Act, N. H. Revised Laws, Chapter 33, and any amendments relating thereto.
16. If Articles 14 and 15 are adopted to see what sum of

money the district will vote to raise and appropriate to pay for the additional costs of janitorial services, fuel, lights, teachers salaries, and insurance incurred with these two room buildings; and to make principal and interest payments on the serial note or bond issue.

17. To transact any other business that may legally come before this meeting.

Given under our hands at said Columbia this 16th day of February, 1959.

Signed:

THELMA G. COVELL

MILTON E. ADAIR

EDWIN C. FRIZZELL

School Board

# Report of Superintendent of Schools

---

To the School Board and the Citizens of the School District  
of Columbia:

## Foreword

In spite of all the attention that must necessarily be given to quantitative education in our schools due to unprecedented annual increases in enrollments, more and more thought and study has been directed to the qualitative aspect during the past several months. As a result of this change in focus, expressed concern over the choice of subjects is shifting to the pupil, particularly, if he is believed to be a gifted one. Concerted effort on a broad scale is being made to identify talent and to determine the most effective way to develop it. Once again motivation, aroused interest, and academic competition are receiving high priority in our educational thinking.

With this re-discovery that the "old tools" still have that "temper and edge" essential to do a good job even in this day of automation, provided we are willing to pick them up and use them, has come a fuller realization that there is no substitute for sustained hard work. This is borne out by the relatively large number of pupils found in the upper and next quarter of their classes in academic achievement whose ability, in so far as can be determined, indicates that they should exchange positions. With the use of what are believed to be more reliable measures of intelligence, too, it is being found that the much talked quotient is not as general as was at first thought. Increasing evidence seems to point to the further substantiation of what has been long observed, though perhaps sometimes somewhat reluctantly accepted, that genuine effort can and does compensate to a very considerable extent for the lack of ability.

If these educational findings are sound, which the passage of time seems to indicate, it follows that the same serious attention is needed to improve the techniques and standards in our schools just as it is needed to build a strong athletic team. Much monotonous as well as hard work performed over a prolonged period of time is going to be required, just as it always has been, if every child is to be helped to realize his maximum potential. And the extent to which success is achieved in reach-

ing for this high goal will be determined, largely, by the degree to which educational opportunity is associated with service to others rather than with the social and economic status of the learner.

## TEACHERS

With little change in the shortage of the supply of teachers, we are indeed fortunate to have the same veterans in all positions for the fifth consecutive year. Mrs. Mary E. White teaches at the Cone School, Grades 1—4; Mrs. Myra A. Hoi-brook teaches at the Grand Division School, Grades 5—8; and Mrs. Florence B. Hughes teaches at the Church School, Grades 1—4.

## SCHOOL NURSE — HEALTH

Much credit is due our school nurse, Mrs. Ethel S. Sturgis, for the excellent health program conducted during the past several years. Including as it does in addition to the provisions of the many daily and routine services, such features as the giving of complete physical examinations every four years, the administering of periodic immunizations, and the conducting of annual pre-school and x-ray clinics, it contributes substantially in the maintenance and protection of the overall health of our pupils.

As inclusive as are the many services rendered by the above program, however, the pressing need for a dental clinic becomes ever more urgent. As has been pointed out before, if this vitally important health service is not provided soon, it is feared that irreparable harm may result to the teeth of many children.

## BUILDINGS AND EQUIPMENT

Thanks to the continued policy of keeping the buildings in a good state of maintenance during the past several years, and because of the uncertainty of the building situation another year, only such repair work has been done as required immediate attention. The same policy has been followed, also, in respect to equipment, since it was not known just what might be most needed.

With the same building problem facing the district as did a year ago, of providing either renovated or new facilities, and although a new building as a possible solution submitted by

the school board members at that time for consideration was not accepted, they are presenting a similar one with much more detailed and complete information for study. It consists of a single story building of cinder block with brick veneer construction large enough to accomodate all the elementary school pupils of the district. It includes three classrooms, a combination teacher's and nurse's room, a kitchen for the serving of school lunches, boys' and girls' toilets, a boiler room and storage space. The contemplated site is in the Valley area.

An alternative solution of the building problem proposed by the building committee, which is comprised of the selectmen, is to add another room to the present Cone and Church Schools and provide modern up-to-date plumbing facilities throughout the two room buildings. It is believed that such schools organized on the basis of four grades in each room could take care of all elementary pupils in the West as well as in the East side of the district.

### ENROLLMENT AND ATTENDANCE

Although the enrollment in the schools within the district is somewhat larger than last year, it continues to be relatively small as there are only 58 as compared to 54 each for the two previous years and 49 three years ago. The average percentage of attendance for the three schools for the past year is 93.35 and the number of tardinesses per pupil was .03. A breakdown of this data for the respective schools is shown in a tabulation printed on subsequent pages in this report.

The total number of pupils attending school outside the district is up slightly over that of last year as there are 20 high and 36 elementary in contrast to 21, 25, 23 and 30; 25, 26, 23, and 20 at these respective levels during the preceding four years.

### NOTES ON THE BUDGET

On the basis of the same organizational set-up in the schools next year as is in effect at the present time, the school board's budget for 1959-60 is \$36,884.00 as compared to \$34,301.00 for the current school year. This amount is reduced by an estimated income of \$10,000.00 which leaves a balance of \$26,884.00 to be raised by taxes by the town. For the most part the increase in the budget is explained, as will be noted in the budget breakdown found on subsequent pages in this re-

port, by provision for increases in salaries and tuition costs.

### CONCLUSION

I wish to express my deep appreciation to the members of the School Board, parents, teachers, and citizens for all the assistance and cooperation received as we have worked together during the past year to provide and maintain high standards in our schools.

Respectfully submitted,

ERNEST B. DANA,

Superintendent of Schools

Additions and Improvements			
New Equipment	142.75	50.00	50.00
	<hr/> \$30,166.81	<hr/> \$34,301.00	<hr/> \$36,884.00

\*— The starred items are required by law to be raised as determined by the proper authorities. The salaries of the district officers are determined by the district, a relationship which takes into consideration school membership and assessed valuation determines the proportionate share of the salaries paid by each district for the personnel employed by the supervisory union. The State Treasurer reports the amount of the Per Capita Tax. The Retirement Board assesses the amount for Teachers Retirement.
